Glenn Research Center

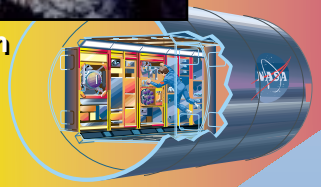
Space Studies Board: June 1999

Flight Experiments

Basic Knowledge to Benefit Life on Earth

World-Class
Combustion Science, Fluid Physics,
and Acceleration Measurement

Space Station Facilities



Enabling Knowledge and Technology for Future Missions

- Fluids Management
- Spacecraft Fire Safety
- In Situ Resource Utilization

Ground-Based
Microgravity Research Facilities

Ground-Based
Laboratories

76265
06-18-99

WELCOME!

The parts of the
NASA Microgravity Research Program
at Glenn Research Center
